PUBLISHING

In addition to publishing mentioned researches, CIL published more than 20 other publications, including translated materials from different areas, published three documentaries and lot of video clips.

NAŠ LOGO I NAŠ MOTO

Naš logo izražava naše shvatanje samostalnog života,
kao plovidbe otvorenim morem, koja daje slobodu,
nezavisnost i širinu, ali istovremeno sobom nosi
nepredvidive bure i rizike koje svesno prihvatamo . . .
. . . I mada se nekad čini neostvarljivo,
mi ipak verujemo da

“Niko ne može zaustaviti ideju čije je vreme došlo!”

OUR LOGO AND OUR MOTO

Our logo express our understanding of the independent living
as navigation on the high seas, which gives freedom,
independence and wideness, but also brings
unpredictable winds and risks which we consciously accept . . .
. . . And although it seems impossible sometimes,
yet we believe that

“No one can stop the idea whose time has come!”

Center for Independent Living of Persons with Disabilities of Serbia, was founded 1996 in Belgrade. It was the first organization that has gathered people with disabilities on cross disability principle, joined on the common ideas.
